Venting area 44" sq

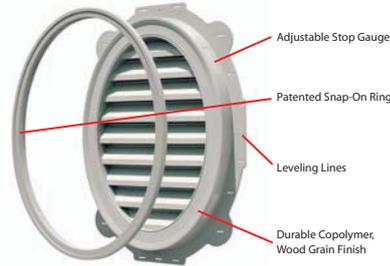

Round Top
14"/356mm x 22"/559mm
Venting area 50" sq
22"/559 mm X 32"/812 mm
Venting area 70"/1778 mm sq

Rectangular
12"/304mm x 18"/457mm
Venting area 86" sq
18"/457mm x 24"/609mm
Venting area 140" sq

Features

- More venting area than industry standards.
- Fully screened for complete insect protection.
- Levelling lines for faster and easier installation.
- Double baffle system for increased weather resistance.
- Special grey 'primed' undercoat finish.
- Unprecedented 40 year limited warranty.

Lock-on ring
These unique positive fitting grooves are designed to secure the vent to siding and weather board.

These U.S.A. made Gable Vents cool your roof by encouraging air flow which reduces interior temperatures (featuring a larger venting area than industry standards require), whilst 'dressing up' gable ends better than other alternatives.

Deep Wood Grain Texture Decorative Keystone add ons
(Not available on all styles)
